(a): State-wise/UT wise details of production of Pulses, Cereals and Oilseeds during the last 3 years from 1997-98 to 1999-2000 are given in Annexure-I. The requirement of these commodities is not worked out State/UT wise but the same is worked out for the country as a whole taking into account the total population as well as other factors.

(b): To increase the production of Pulses, Cereals and Oilseeds, various Centrally Sponsored Scheme, namely National Pulses Development Project (NPDP) for Pulses, Integrated Cereals Development Programme (ICDP-Rice), Integrated Cereals Developme Programme (ICDP) − Wheat, Integrated Cereals Development Programme (ICDP) − Coarse Cereals, Accelerated Maiz Development Programme (AMDP) and Oilseeds Production Programme (OPP) are in implementation in various States Under these schemes various incentives by way of subsidies are being provided to the farmers in order to motivate them to take up the cultivation of these commodities on a large scale.

(c): State/UT wise details of targets fixed for Pulses, Cereals and Oilseeds for the last 3 years from 1997-98 to 1999-2000 is given in Annexure-II. The achievements made against these targets is already given in Annexure I.

(d)&(e): The over all production of Pulses and Oilseeds is less than the target fixed for these crops during the said period due to severe drought conditions prevailing in the country and the attack of some diseases on these crops. However, over all production of cereals has been less than target in 1997-98, close to the target during 1998-99 and more than the targets fixed during 1999-2000.

(f): The statement containing the assistance provided to State/UT to increase the production of these crops under various Centrally Sponsored Schemes during the last 3 years is given in Annexure-III
